

NEWS RELEASE

23 February 2017

IDSECURE IDENTITY AGENTS WILL COMPLETE YOUR CLIENT'S VOI and STATUTORY DECLARATION OBLIGATIONS IN ONE INTERVIEW!

IDSecure is the only Verification of Identity (VOI) provider that enables your client to satisfy both their identity verification and statutory declaration obligations, in one simple on-the-spot interview!

IDSecure's Manager Business Services Natalie Skinner says that industry practitioners and companies can eliminate the need for their clients to have their VOI done and then also have to separately meet with a Justice of the Peace (JP) to get their other statutory documents declared.

"Many of our professional and fully insured Identity Agents carry the added benefit of also being JP's, enabling them to not only complete the VOI's on the spot, but also declare statutory documents at the same time, Ms Skinner said.

"Our practitioner clients are finding this hugely beneficial, particularly in states such as NSW where the Office of State Revenue (OSR) requires Purchaser Declaration obligations to be met, in addition to VOI obligations.

"Our clients tell us our 'one-stop shop' service has played a huge part in streamlining their VOI procedures, making the entire process seamless and time efficient for both them and their clients.

"IDSecure Agents will meet with the client them at a specific time and location that suits them, 7 days a week, in and out of business hours. And they service both metropolitan and regional areas nationally.

"We still proudly hold our unrivaled 100% success rate of all VOI interviews conducted by our Agents, which is testament to the quality of Agents we have on the ground, our extensive training program and unique in-built pre-qualification feature within the system.

"This feature ensures our Agents can only go to meet the client after we know they have sufficient ID documentation. They is all checked ahead of the interview, rather than hoping for the best upon arrival.

"Our clients also like that there's no lag time upon completion of the Agent-client VOI interview to receive the compliant VOI report. It's instantly available to the practitioner upon completion of the interview and remains so for 9 years," she added.

The one off IDSecure Identity Agent service and meeting fee to satisfy both VOI and statutory declaration requirements on the spot are:

- \$79 (inc GST) for a one-person meeting
- \$99 (inc GST) for a two-person meeting
- \$40 (inc GST) for each person thereafter.

IDSecure provides specialist VOI services to the property, legal, finance and banking industries across Australia, and carries \$20m professional indemnity and fidelity insurance which complies with industry requirements.
